Members of the City Commission

**Date:** June 9, 2005

**From:** Jorge M. Gonzalez  
City Manager

A handwritten signature in black ink, appearing to read "Jorge", written over the printed name.

**Subject: APPOINTMENT OF ASSISTANT CITY MANAGERS**

---

The purpose of this LTC is to advise you of the two Assistant City Manager appointments I have made. As you know, there have been two vacant Assistant City Manager positions within the administration, one since January 2004 and the other since February 2005.

Tim Hemstreet, who has been Acting Assistant City Manager since March 1, 2005, will assume one of these positions. Tim has been doing a great job the past three months overseeing the Planning, Building, Parking and Tourism and Cultural Development Departments in addition to remaining involved with the Capital Improvement Projects (CIP) Office. Tim joined the City in April 2001 as the Special Assistant to the City Manager and shortly afterward became the first director of the newly created CIP Office where his leadership was instrumental in ensuring the success of this important area. Our CIP efforts remain one of the City's top strategic priorities. Tim started his career in local government 15 years ago and worked his way through Finance and Budget Offices for several municipalities in the South Florida region, serving from entry level positions such as Budget Analyst, all the way up to Finance Director and ultimately as the Assistant City Manager for the City of Tamarac.

Effective July 18, 2005, Hilda M. Fernandez will join the City as an Assistant City Manager. Hilda has worked for Miami-Dade County since 1992 and has held a number of high level leadership positions within the County. A detailed resume of Hilda's employment history is attached for your review.

Most recently, Hilda has served as the Director of the County's Communication Department where she has overall administrative oversight for the 60-person department that manages the County's internal and external communications.

Hilda previously served as the Executive Director of the Miami-Dade County Citizens' Independent Transportation Trust (CITT), the oversight board created by voters to monitor the implementation of the People's Transportation Plan (PTP) and the use of the proceeds of the ½-cent transit surtax. Hilda also served as the campaign coordinator for the countywide ballot referendum to approve a ½-cent sales surtax to fund transportation improvements.

Hilda was also with the Miami-Dade County Homeless Trust for nine years, six of which she served as the Executive Director. The agency is responsible for the oversight and administration of homeless issues, including the County's ambitious homeless plan. While at the Homeless Trust, Hilda helped create and implement a coordinated, countywide outreach and placement process for the continuum of care system. Under her leadership, the Trust established standards of care for the delivery of homeless services which resulted in the Trust's recognition as a "National Model Program" and "Best Practice."

Please join me in congratulating Tim on his promotion and welcoming Hilda to the City. They are both highly qualified professionals that bring a wealth of local government experience with them. In their roles as Assistant City Managers, they will play an integral role in providing high-level leadership to the organization.

As you know, one of my priorities since I became your City Manager has been the organizational development of the Administration and continuously refining the organizational structure as appropriate to ensure that we are responsive, efficient, and continuously improving to provide better services to our residents and community. I will be meeting with all the Assistant City Managers to further refine the organizational structure and determine which functional areas each Assistant City Manager will lead. Once these assignments are made, I will certainly communicate with you.

If you have any questions or need any additional information, please feel free to contact me.
